Tata Power And Inox Wind Sign 172 MW Wind Power Deals

Inox Wind Limited (IWL), a subsidiary of Gujarat Fluorochemicals, and one of India's leading wind power solutions provider, has been awarded two wind-farm project contracts of 54 MW and 118 MW in Gujarat and Rajasthan, respectively, by Tata Power Renewable Energy Limited (TPREL), a wholly owned subsidiary of The Tata Power Company. IWL and TPREL have signed agreements which require IWL to supply, erect and commission 86 units of its 2 MW wind turbine generators (WTGs) in Gujarat and Rajasthan. IWL is responsible for site acquisition, project development, erection and commissioning, and also providing long term operations and maintenance of wind power projects.
